WHEREAS, pursuant to Executive Order No. 45, Series of 1993, as amended by EO No. 280, series of 2000 and EO No. 321, Series of 2004, the Philippine Reference System of 1992 is the basic reference system for all surveying and mapping activities in the country;

WHEREAS, PRS ’92 is a homogeneous national network of geodetic control points, physically marked by survey monuments or mojons;

WHEREAS, the DENR is currently undertaking survey and data integration activities nationwide to fast-track the implementation of PRS ’92, and the DENR regional offices are the primary implementors of PRS ’92 in the regions;

WHEREAS, the “Adopt-a-Mojon” Program of the DENR has the objective of enlisting the participation of the LGUs, the People’s Organizations, and the general public in the establishment and preservation of the PRS ’92 Geodetic Control Points (GCP) to service the geo-referencing needs of the surveying activities in the community at all times;

WHEREAS, the Local Government Offices/People’s Organizations are the adopters of the nationwide network of Geodetic Control Points physically marked by the “mojons”, owing to their capability and proximity to protect these GCPs from destruction, to maintain their physical condition, as well as to advocate their significance to land administration;
